

This file contains suspicious patterns that should trigger the scanner.

Multiple base64 encoded strings:

base64: SGVsbG8gV29ybGQ=

base64: U2FtcGxlIGRhdGE=

base64: VGVzdCBjb250ZW50

Multiple PowerShell commands:

powershell -Command "Get-Process"

powershell -ExecutionPolicy Bypass

powershell -NoProfile

Multiple cmd.exe references:

cmd.exe /c dir

cmd.exe /k echo test

cmd.exe /s /c "command"

Multiple wget commands:

wget http://malicious.com/file

wget -O file.txt http://site.com

wget --no-check-certificate

Multiple curl commands:

curl http://malicious.com

```
curl -O file.txt http://site.com  
curl -L http://redirect.com
```

Encryption and decrypt patterns:

encryption key: 123456

decrypt password: secret

encryption algorithm: AES

decrypt method: RSA

This should trigger multiple pattern detections.
